**About this title**

#### Description

*For courses in Introductory Astronomy.*

Connects introductory astronomy to a broad understanding of the universe  
In this Ninth Edition of *Astronomy Today*, authors Eric Chaisson and Steve McMillan communicate their excitement about astronomy, combining up-to-date science with insightful pedagogy. The text emphasizes visualization, focusing on the process of scientific discovery in order to teach readers "how we know what we know."  
Updated features in the 9th Edition, Big Pictures and Big Questions, help readers connect the content of each chapter with a broader understanding of the universe
